

Community Health & Wellness Director

Full-time, Permanent Position

Klinik Community Health is seeking a Community Health and Wellness Director to join their team!

Klinik Community Health is a charitable, not-for-profit health centre that provides a full range of health-related services from medical care to counselling and education. Driven by the vision of creating healthy and engaged communities, Klinik Community Health promotes health and quality of life for people of every age, background, ethnicity, gender identity, and socio-economic circumstances.

Reporting to the Executive Director, the Community Health and Wellness Director is responsible for the leadership and management of programming, including services provided at health care clinics.

As the Community Health and Wellness Director, you will have the opportunity to oversee and manage the Community Health and Wellness Services, including programs, managers, and associated delivery of services in alignment with Klinik's mission, vision, and values. You will also establish relationships with the community and service agencies, including acting as a liaison with community groups and partners, to develop health promotion strategies utilizing a community development approach.

The Community Health and Wellness Director also represents Klinik at both government and community levels, and is responsible for hiring, performance management, and development planning the direct reports. You will provide advice, guidance, and coaching to staff on program policies, practices, and procedures, as well as review all processes practices to ensure ongoing improvement and efficiency so that Klinik may provide the best services possible to the community.

This is a great opportunity to be a part of an organization that strives to enhance individual and community capacity and health.

Klinik strives to foster a workplace that reflects the diversity of the community it serves, and welcomes applications from all qualified candidates.
